**Paravan Gostar Shomal Co. (PGSCO)**

Established in 1999, Paravan Gostar Shomal Co. (PGSCO) has been operating in construction projects, utilities and roads. Approved and qualified by the Iranian Management and Planning Organization Management and Planning Organization (MPO's) on September 14, 2000, the PGSCO built a highly proficient engineering and technical core through greatly experienced personnel. The company initiated its activities in construction projects, utilities and roads under various contracts with Bandar Abbas Oil Refining Company, Pars Oil and Gas Company, Iranian Oil Pipeline and Telecommunication Company.

The **PGSCO** has recently succeeded in adaption with the Management and Planing Organization (MPO's) qualification standards, ranking first in construction, second in utilities, third in roads, fifth in water distribution and again fifth in oil and gas. Moreover, the company was ranked first by Bandar Abbas OilRefining Company in terms of technical and engineering services. Relying on the skills and experiences of its personnel, the PGSCO will be honored to contribute to the development and reconstruction of Iran.
